## **Cornèr Bank has once again been ranked number 1 in Switzerland in terms of capital soundness**

According to statistics published by *The Banker* in July 2016, Cornèr Bank is number one in Switzerland in terms of capital soundness for the second consecutive year.

As shown by financial statistics compiled in the latest edition of *The Banker*, the prominent Financial Times Group publication, Cornèr Bank's impressive level of capital soundness can be traced back to its prudent management strategies and its policy of maintaining a high capital ratio in terms of equity.

This recognition reflects the positive growth of the Lugano-based Bank and is highly valued by its clients.
